Enrollment Application

People who succeed in business, industry and education have often developed a strong selfdiscipline, an ability to lead and motivate others, and a well-rounded maturity.

The Marine Corps Junior ROTC teaches young adults the kind of self-discipline, selfconfidence, and leadership skills that can help them successfully meet the challenges of adulthood. The curriculum, instruction, and activities are designed to develop the leadership abilities of each student.

Seats in this Program are limited. Leadership Education I enrollment is on a “first come, first served” basis. Returning Leadership Education II and III cadets have primary consideration.

Parent/Student Commitment: Parental involvement and support are crucial to a student's success in this program. We have read the above information and understand that enrollment in this program constitutes a commitment to the Program's principles, expectations, standards and regulations.

We, the undersigned, understand the requirements and expectations of the Marine Corps Junior ROTC Program. We request that all and any data needed in support of my child's application to the Marine Corps Junior ROTC program be sent to the Senior Marine Instructor.
